Gina, Justin, and Brent:

I would like to take this opportunity to thank you all for the hard work, hand-holding, and dedication to designing and launching our new website! Your dedication and diligence are greatly appreciated and we are extremely pleased with the result.

We have already begun to experience the impact of the SEO/the new design as clients are referencing that they *"found us on Google and selected Teltek because we had the most appealing website"* in their search. I believe it will only be a matter of time before the SEO will have paid for the site and will begin generating revenue. Selecting Adventure Web Productions has truly been one of best business decisions we have made!

I highly recommend your company to anyone seeking a new website or a refresh of an outdated site and continually refer friends and associates to your organization. Thank you again for all of your support and commitment to ensure Teltek's success!

Sincerely,

Chris Nicoli
